MINISTRIES

Teen Job Skills Workshop & Fair

April 29, 2023 8:30a - 1:00p Grace Church Downtown

Purpose

This workshop will facilitate workforce development and summer job opportunities for Greenville teenagers. The Mill Village Ministries Youth Program is partnering with local nonprofit friends (GirlUp GVL, Éleos Ministry, and Hispanic Alliance) to connect about 40 students (14+ years of age) in our programs who already have mentors but may not know how to navigate getting and keeping a job, with local businesses who would like to support youth through employment.

Ally Partner Businesses - [Register Here](#)

Ally Partners are local businesses committed to providing meaningful work opportunities for students by participating in the Job Skills Fair. These businesses are willing to hire students for the summer, or longer, and thus further contribute to the students' personal and professional growth. Many students will continue to be engaged with and receive support from the nonprofits.
